### **TCRPC: 5-MINUTES FOR ROADWAY SAFETY SURVEY**

*The community is asked to participate at [TriCountySafety.org/survey](https://TriCountySafety.org/survey)*

PEORIA - The Tri-County Regional Planning Commission (TCRPC) is asking community members from across Peoria, Tazewell, and Woodford counties to take an important five-minute survey and share their thoughts, experiences, and ideas to improve roadway safety in the region.

The survey can be found at [TriCountySafety.org/survey](https://TriCountySafety.org/survey).

Available in English and Spanish (option at top of the webpage), the roadway safety survey is a primary step in the development of a TCRPC Comprehensive Safety Action Plan, which will serve as a guiding document for Peoria, Tazewell, and Woodford Counties to identify safety challenges in the region and action steps to make area streets and roads safer.

The initiative is funded by a \$400,000 U.S. Department of Transportation grant and is a part of the federal Safe Streets and Roads for All (SS4A) program.

Through the survey, residents will have the opportunity to share how they travel within the area, their safety experiences while walking, driving, or biking, and other insights. The survey also includes an interactive map that allows survey participants to pinpoint the locations of their top safety concerns.

The survey will be utilized in identifying and prioritizing safety initiatives in the Tri-County region and assist in the creation of a regional Comprehensive Safety Action Plan, which is expected to be presented for public review in 2025.

Established in 1958, TCRPC serves the Tri-County Region of Peoria, Tazewell, and Woodford Counties, located in Central Illinois. The Tri-County Region is comprised of three counties, supporting 48 communities, and over 350,000 residents. The primary function of TCRPC is to study the needs and conditions of our region and to develop strategies that enhance the region's communities.

For more information on the survey or general inquiries, please contact TCRPC by email at [input@tricityrpc.org](mailto:input@tricityrpc.org) or by telephone at 309-673-9330.
